Caring for Children

Saplings always puts the needs of the child first and aims to enhance each child's intellectual, social and physical performance and to promote independence and self-confidence.

Activities are planned with great care and are age and stage appropriate to meet the needs of the individual. We work closely with parents to provide the very best care and education.

The wealth of equipment and resources allows for activities such as painting, playdough, puzzles, games, gym, French, music, singing and dancing. A specially developed outdoor learning environment is also available.

Guidance from staff ensures children work and play companionably with others.

Discipline is friendly and understanding, promoting respect and kindness to one another.

Our professional staff are trained, qualified and experienced to work as a team to provide an environment that enriches and encourages - do come and visit to see for yourself.

An Enviable Curriculum

Saplings is specially designed for parents who wish their children to have all the advantages of full day care but with access to all the benefits of a quality nursery school.

A full curriculum, based on the Early Years Foundation Stage Curriculum, is offered through successfully combining Montessori with traditional nursery education.

A warm and friendly welcome awaits both children and parents in the purpose-designed accommodation within the Sports Centre.

Saplings uses both indoor and outdoor 'classrooms' to create a safe yet stimulating environment for learning, creativity and discovery. Our programme of outdoor learning 'Sunshine & Showers' promotes creativity and nurtures discovery.
